

QUICK GUIDE TO WELCOMING YOUR REFERRAL

1. Email this welcome letter to your new person:

Your collagen order has gone through and Isagenix will notify you when it ships. You are going to love it!

BEFORE PICS: Before you start, make sure you take your “Before” pictures. Here are some great tips:

1. Remove all makeup and pull hair back and away from your face.
2. Find a well-lit room with a plain background, free of people and pets, to limit distractions in the photo.
3. Make sure the camera is in focus and the lighting is even.
4. Take a picture of your full face and neck (both sides). Also include pictures of your hands and any areas with crepey skin.
5. When you take your “Progress/After” photos, use the same background, lighting, time of day, skincare routine, hair style and facial position that you did in the “Before” photos.

DOSAGE: I recommend taking two of the Collagen Elixir each day for the 1-4 months to get your collagen levels up. That will accelerate your results. Take one in the morning and one in the evening. After that, one a day is perfect.

ACCOUNT: To manage your account, go to www.isagenix.com and log in with your username and password.

LIFESTYLE REWARDS: You are in complete control with the Lifestyle Rewards (auto-ship). You can revise, edit, or cancel it at any time just by logging into your account. The Lifestyle Rewards gave you the best price on your initial system. Isagenix will send you an email reminder of your upcoming Lifestyle Reward’s date.

WHOLESALE PRICING: Here is the link to the Isagenix product catalog. All 100+ products adhere to the No-Compromise commitment. With your account, you get the same wholesale pricing as I do. [https:// officialwebsite.isagenix.com/en-us/products](https://officialwebsite.isagenix.com/en-us/products)

FREE PRODUCT & CASH BACK: Want to get your collagen basically for free? Just share the same photos and links as I shared with you. When they try the collagen like you did, you get \$200+ cash back and free products. Watch this quick video for details: <https://vimeo.com/511788562/d73172f37>

COMMUNITY: Finally, I've invited you to the private Facebook group “Alive to Thrive Now.” It’s full of information, tips, techniques, and inspiration. <https://www.facebook.com/groups/809408192483407>

(If you opened their account for them, include their username, password, and member ID in the ACCOUNT section of the welcome letter. If they enrolled themselves via your link, they already have that info, and you don’t need to include it here.)

2. Immediately send this as a text:

Your collagen order is processing, and you are going to love your results! Look for an email from me and one from Isagenix. If two friends want to do this with you, you can make \$200 in cash rebates right away and it can be a lot more! You will also receive 2 full size products as a gift—one for hydration and one that addresses inflammation—and a \$25 coupon towards your next order! Wow, that's enough to pay for your collagen for next month!

To keep it simple, I can text you a few pictures to save on your phone along with what I've been saying when I've reached out to invite friends to do it with me. Give me a thumbs up if you want this info.

3. After they give the thumbs-up, then text this along with 4-6 photos:

It's super simple. Here are some photos and what I like to say. In a text to some friends, choose 2-4 photos to send along with the message. (FYI, click on this link to find the Quick Guide to Sharing Collagen and more shareable images: www.alivetothrivenow.com/collagen)

Hey _____. My friend _____ just introduced me to a new collagen product and it's really working for her. I am attaching a couple of pictures so you can see the results people are getting . . . less sagging under the eyes, better skin tone and coloring, fine lines improving, dark circles vanishing, firmer skin and fantastic skin moisture. I just ordered mine.

I can definitely fill you in on the particulars if you are intrigued. Any interest in doing it with me?
